‘Day for Daniel’
Students are invited to participate in ‘Day for Daniel’ tomorrow 31st October. On this day students can wear red in place of school uniform. It’s a day to raise awareness about child safety in conjunction with the Daniel Morcombe Foundation. Students are not asked to donate money but will participate in child safety awareness activities.

Daniel Morcombe was abducted and murdered on 7th December 2003. He was last seen waiting for a bus on Nambour Connection Road about 2 km from the Big Pineapple, Woombye Queensland.

The objectives for the foundation are far reaching. We must protect our children! We can make a difference ensuring that our communities are a safe place for them – as it should be. Your support will assist us in providing an effective child safety awareness program and where required assist other victims of crime, especially where children are involved. Bruce Morcombe

School Uniform
Students at Boorowa Central School consistently wear their school uniform with pride and they are congratulated for their effort. At times students are out of uniform due to unforeseen reasons and generally a note is provided to the school outlining the reasons. The school wishes to remind students and parents that we have a number of extra curricula activities happening in the near future, and those students who have 5 or more unexplained reasons within a semester will not be eligible to attend. If you are uncertain about your child’s eligibility you are welcome to contact the school.

No Swimming Term 4
In previous years, K-6 have undertaken swimming for sport during term 4. Teachers have decided to allocate a block of time in term 1 for swimming for sport as of 2015. NSW Board of Studies syllabus advises that students be educated about water safety and where available, water familiarisation and as such, knowledge and skills associated with this subject content will be addressed within swimming for sport in term 1. Parents are strongly encouraged to seek Learn to Swim lessons for their child/ren in the summer months to supplement the water safety lessons that will be provided by teachers in term 1.

REMINDER TO PARENTS
MEDICAL INFORMATION FOR SCHOOL RECORDS
It is imperative that our school records on a child’s medical condition be kept up to date. If your child has been diagnosed with a severe medical condition that could impact on their wellbeing whilst at school then please inform the school admin office immediately so a suitable response plan can be initiated.

Nut Aware
The school would like to remind students and parents that our school is a nut aware school. Please be mindful of foods that contain and may contain nuts and refrain from packing them for recess and lunch. Thank you for your ongoing support and cooperation.

WE ARE A ‘SUNSMART’ SCHOOL
‘NO HAT NO PLAY’
The Department of Education and Communities' School Swimming and Water Safety Program (SSWSP), previously called the School Swimming Scheme (SSS) that is run for Year 2 students and non swimmers Year 2-6, will also be programmed during term 1 as the temperature of the water is much warmer.

The annual K-6 Pool Party is anticipated to go ahead as planned and students will receive an information and permission note in the coming weeks.

Please direct any questions regarding swimming to Mrs Lochrin via the school office.

---

**Champion of the Week**

Congratulations to Cassandra Franklin who was our schools highest point scorer in Week 3 gaining 5080 points. Well done Cassie!

---

Boorowa Central School Remembers 100 Years since World War One 1914 – 1918

Each week in our school newsletter we will be remembering events that happened 100 years ago in that week starting with the closure of the Dardanelles which had a big impact on our Australian history.

Mrs Eustace Modern History teacher.

---

**October 29**

The Turkish government declares war! Turkey’s decision to go to war is announced by the Turkish fleet when they bombarded Russia Black Sea ports such as Odessa. Turkish siding with the Central Powers closed the Dardanelles, the vital seaway linking the Mediterranean to the Black Sea. Crucially, the closure of this major route by Turkey prevented France and Britain sending military equipment to Russia and also cut off trade in much needed food from the Russian Ukraine. This decision also led to Australians being sent to Gallipoli to try to help free the Dardanelles in April 2015.

**October 29 – November 24**

The Germans began building up their Fourth and Sixth armies around British held Ypres to break through to the French port of Calais. The Germans had an advantage of six – one soldiers and were superior in medium and heavy artillery. Snow falling on November 12th halted this First Battle of Ypres. Although the campaign was won by the French and British it was won at high cost with half of the British Expeditionary Force being causalities. All sides began digging the awful trenches that eventually stretched from the North Sea to the Swiss border.

**November 2**

German surface vessels and submarines (which were a new invention by the Germans for use in war at sea) laid scores of mines in British waters to try to starve the British into surrender. Grand Admiral Alfred von Tirpitz, commander-in-chief of Imperial Germany, demanded mass firebomb raids on London.

---

**Professor Brian Cox**

Eleven students from year 5 to 12 attended Professor Brian Cox’s lecture on Making Sense of the Cosmos last Friday evening in Canberra with Ms Green. Amongst an audience of approximately one and a half thousand people including the scientific elite of the CSIRO and Universities, we heard of the current theories of the extent of the universe and the importance of the development of human intelligence in understanding our place in the Cosmos. Brian Cox and Adam Spencer were very entertaining challenging our thinking and expanding our thought universes. All students were exceptionally well behaved and their reflections on the night showed the depth of their understanding was very good.

The same company that presented Brian Cox are planning to bring Sir David Attenborough out to Australia next year. We already have a number of students excited about the opportunity to listen to one of the world’s best science communicators.
**STAR STUDENTS OF THE WEEK - WEEK 3**

**Kindergarten**

Name: Audrey Daniels  
Age: 5  
If you were an African animal, which one would you be? Lion  
What are the 3 things that children like the most? Icecream, chocolates and toys.  
What will you be doing when you are 20 years old? I'll be getting ready for work.  
If a genie gave you 3 wishes, what would you wish for? My own house, my own TV and a pet dog.

**Year 1/2**

Name: Emma Craig  
Age: 6  
If you were an African animal, which one would you be? Tiger  
What are the 3 things that children like the most? Toys, school and their Mums.  
What will you be doing when you are 20 years old? I'll be working in a coffee shop.  
If a genie gave you 3 wishes, what would you wish for? A toy school named Mrs Lochrin, a TV and a jewellery box.

**Year 2/3**

Name: Logan Mears  
Age: 9  
If you were an African animal, which one would you be? Cheetah  
What are the 3 things that children like the most? Football, icecream and having water fights.  
What will you be doing when you are 20 years old? A halfback for the Rabbitohs.  
If a genie gave you 3 wishes, what would you wish for? An iPhone, an NRL football pass and a pool.

The importance of attendance—“being in class every day for every lesson” There is no safe level of missing school – ACER study has found…..

School attendance patterns established as early as year 1 can predict how often a student will show up to class right throughout high school, according to the research. Australia is alarmingly slack when it comes to school attendance, with high school students skipping more days of school than almost any other developed country.
KINDY START FINAL 2 DAYS

Last week we had the final two days of the Kindy Start Transition to school for our Kindergarten students of 2015. On Thursday we did some cooking with Mrs Southwell and her Year 11 students. We made our very own Gingerbread Men with their help. We made sure he didn’t run away and that we got to eat him rather than that sly fox in the story!!!

Parents attended an information session on school routines and are now well armed with all the information they need for the start to their child’s schooling.

On Friday we pretended that we were “Wild Things” and had our very own “Wild Rumpus”. On both days the students worked independently in work groups and have impressed Mrs Gay by how grown up they are. Kindergarten 2015 received their Kindy Start Certificates at Primary Assembly and were excited to see their parents here!

We are looking forward to welcoming these students and the many new families into our school community in 2015.
Dear Parents,
The Active After-School Communities program is a national initiative that provides primary school children with access to free sport and other structured physical activity programs in the after-school time slot of 3.30pm to 4.30pm.

The program aims to engage traditionally inactive children in sport and other structured physical activities and through a positive and fun experience, develop a love of sport that inspires them to join a local sporting club.

**WHAT IS OFFERED:**
- Primary aged children are invited to participate in one hour of physical activity at Boorowa Central School Hall on Monday, Tuesdays and Wednesdays commencing Week 3 Term 4 Monday 20th October, 2014, continuing until Week 9.
- Free afternoon tea for all children who participate in this structured physical activity
- Registered and highly trained coaches
- Fully Supervised by a Teacher from Boorowa Central School

**COST:** $0 no cost involved

**ACTIVITIES AVAILABLE:**
