Parents of Year 11 and Year 10

Students doing the Metal and Engineering course have all received their HSC assessment booklet. Parents should ask to see this booklet. There will be a calendar on the back page to show when tasks are due. If you need a copy of the calendar please contact Mrs Valencic.

The calendar is particularly useful in showing parents as to why your child is under extra stress.

Literacy National Partnership

Last Friday as part of our national partnership secondary teachers were able to spend some time familiarising themselves with the K—10 literacy continuum. It was very exciting to hear the level of professional discussion between people from different faculties. All teachers acknowledged that their understanding of the literacy continuum and its importance was enhanced on the day.

National War Memorial Excursion
On Monday 17th November, twenty-two Year 10 students participated in an excursion to the Australian War Memorial in Canberra as a part of the mandatory site study for Stage 5 History. Students participated in a number of engaging activities on the day. This included a guided tour around the World War II and Vietnam War exhibitions, which involved students focusing their historical skills by analysing primary sources. Students also witnessed an ANZAC Hall sound and lights show, as well as spending time exploring the Commemorative courtyard and Hall of Valour. All students displayed exceptional behaviour on the day and were congratulated on being fantastic representatives of Boorowa Central School.

Workshop: 2014NSWPC16   Location: Cowra
Like all school-age students, children with autism spectrum disorder benefit from strong, positive relationships between the home and school. Positive Partnerships uses evidence based materials and practical resources to help support these relationships by facilitating workshops for parents and carers.

What will you learn?
When you come along to a Positive Partnerships workshop, you will:
- Develop a greater understanding of the impact of autism on your child, both at school and at home
- Understand how to develop effective parent, school and teacher partnerships
- Learn specific strategies that will help you:
  - advocate for your child
  - support your child’s participation at school
  - develop an awareness of ongoing learning needs
- Receive information about your local school system’s processes
- Have the opportunity to network and share strategies with other parents/carers and key community members
- Have the opportunity to discuss a range of topics relevant to students with ASD and their families

People who work to support families living with autism in your community will also be invited to take part with the goal that there is an ongoing community focus beyond the workshop.
